

Settings for 888 poker through browser

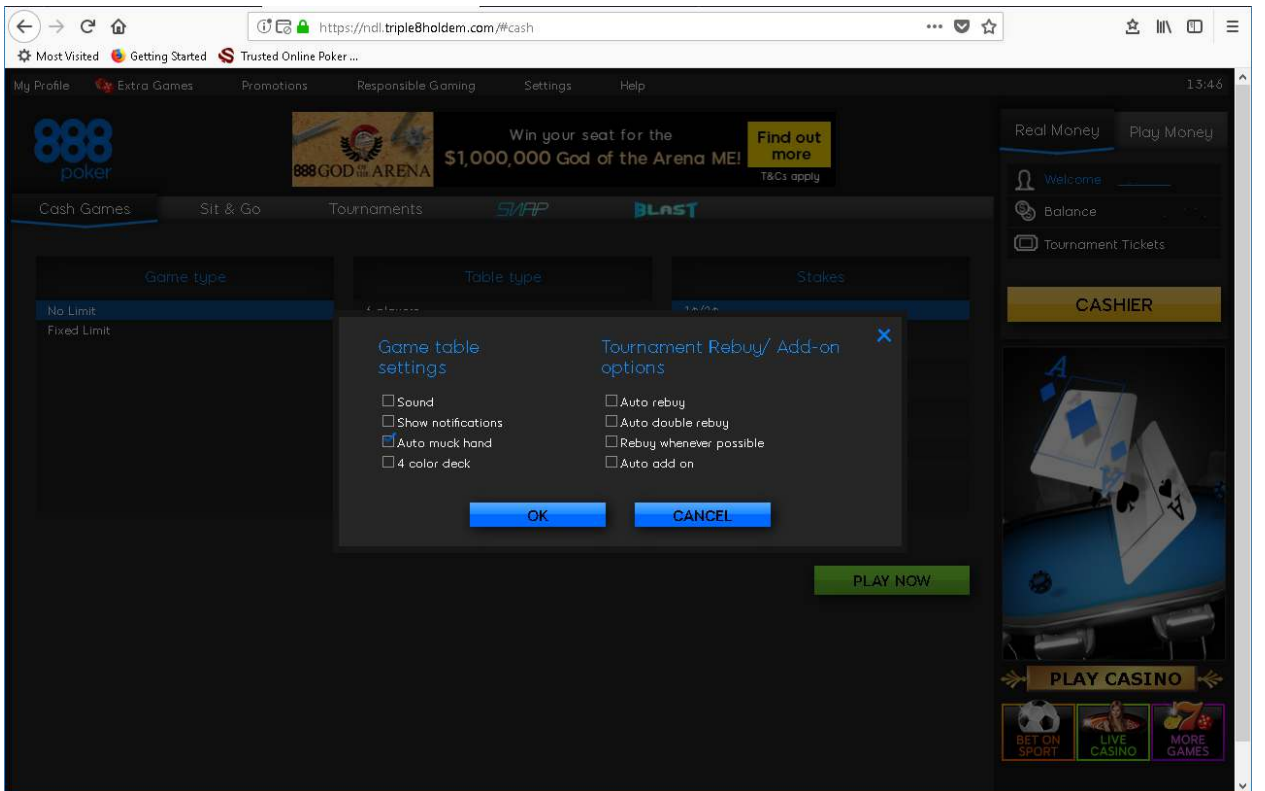

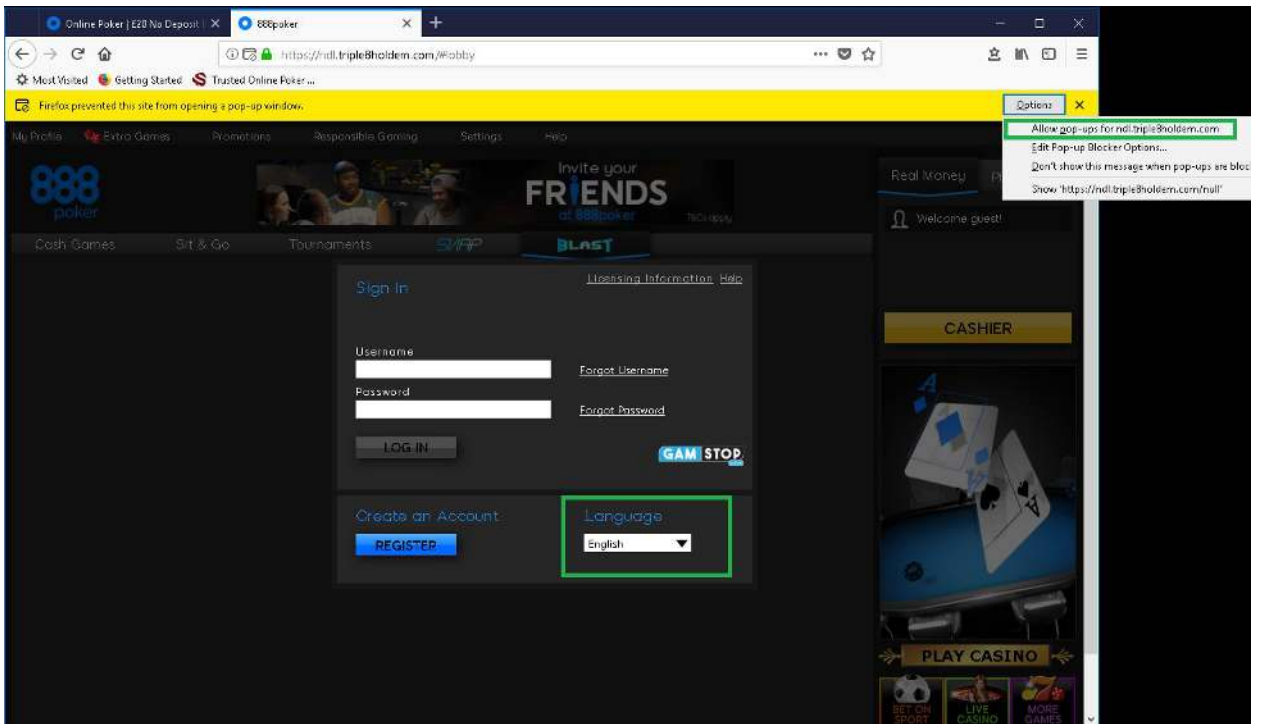

1. Set up your system as on this [video](#)
2. Download the browser Mozilla firefox, **ENGLISH** version

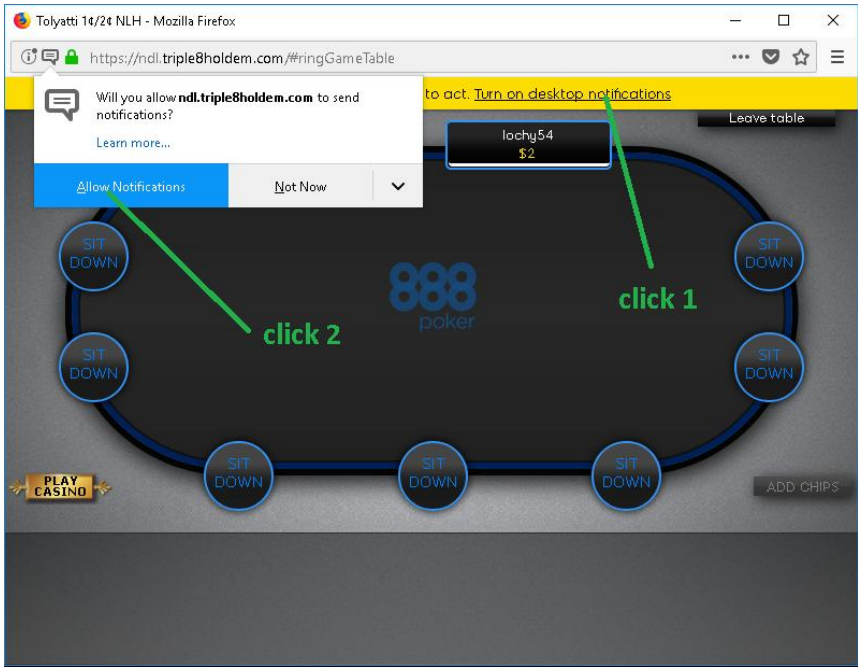

. Here [>>>](#)

3. Configure the casino settings.

A screenshot of the 888 poker website homepage. The browser address bar shows "https://www.888poker.com". The navigation menu includes "Download", "How to Play", "Deposit & Cashout", "Special Offers", "Tournaments", and "eMagazine". The main banner features a group of people at a poker table and a large yellow box with the text "For first deposit only \$10 FREE". Below this, it says "Deposit \$10 or more with promo code: **TOPPLUS** & Get a \$10 instant bonus". A yellow button labeled "DOWNLOAD NOW" is present, with a green box highlighting the "Instant Play" link below it. At the bottom, a progress bar shows three steps: "1 Download Now", "2 Create Your Account", and "3 Get Your Bonus".
