

## Settings for GlobalPoker casinos

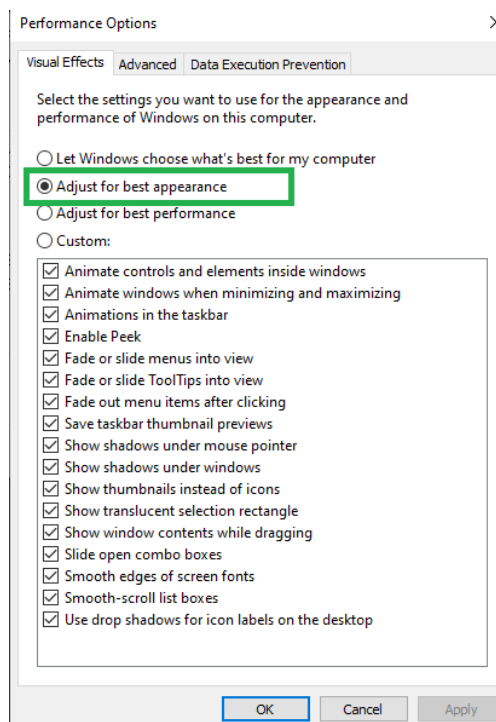

To use you need an old Mozilla browser. New Mozilla browsers may not work.

<https://inhuman-poker.net/installing-the-previous-version-of-the-browser-for-poker-rooms/>

**For Windows 10 through the browser Mozilla Firefox.**

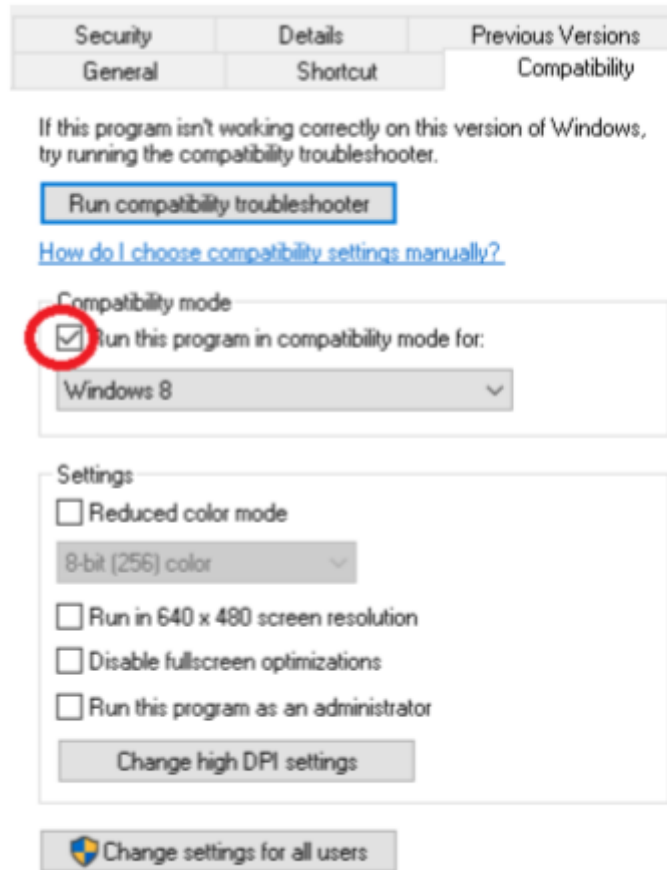

**Poker client language must be English.**

### Set up your system

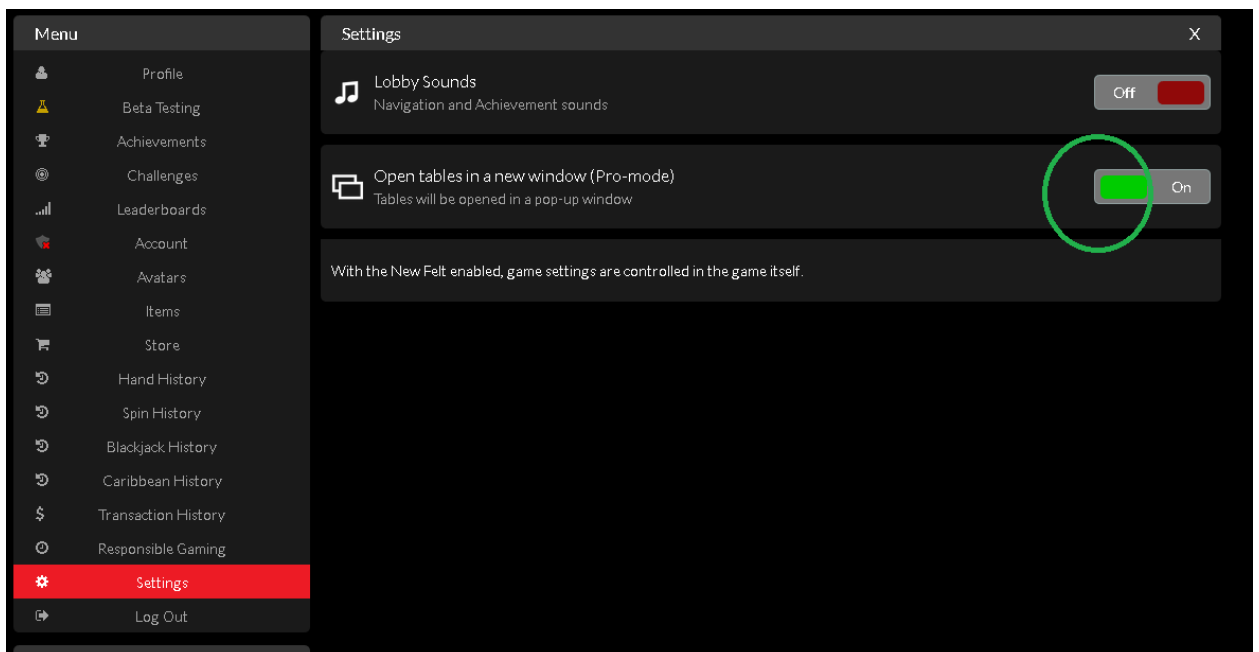

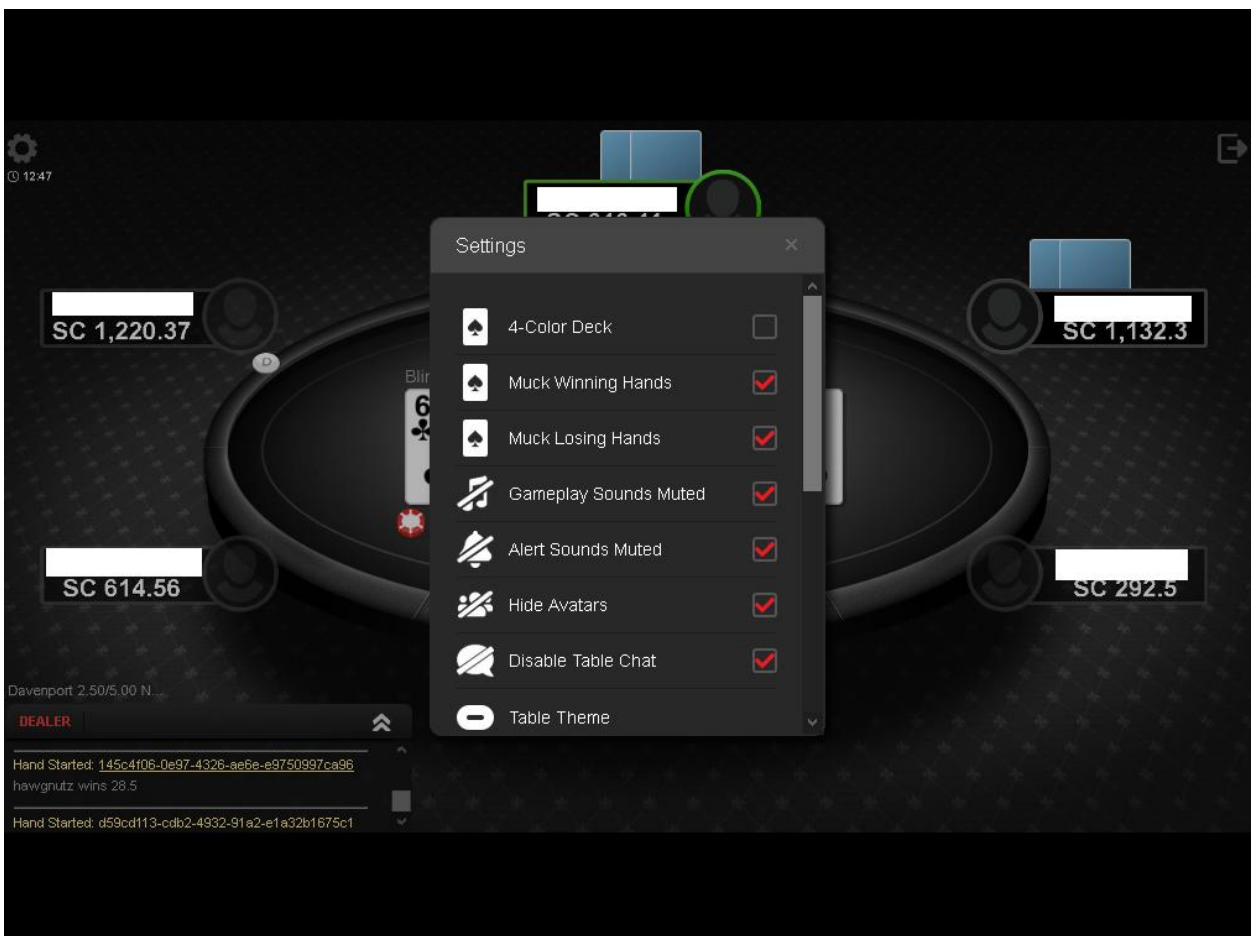

**All you need for the game is a Mozilla Firefox browser.**

**Run Firefox in "Windows 8 Compatibility mode":**

### Poker room settings

Tool for maintaining the correct table size. Unpack the file and run it as an administrator.
